

Dear guests, dear friends of the Hotel Alpenblick Ernen,

After many years during which we have run our hotel with great dedication and heartfelt commitment as a family business, we would like to inform you today of an important and difficult decision:

**THE ALPENBLICK HOTEL will cease operations in the near future (as from December 2025).**

This decision has not been an easy one. In recent years, we—like many other small businesses—have faced increasing financial, organisational, and regulatory challenges. Rising operating costs, extensive regulations, and the structural adjustments that would be necessary for the future have ultimately led to the conclusion that continuing to run the Alpenblick Hotel in its current form is no longer possible.

What has always been most important to us is the safety, well-being, and satisfaction of our guests. To continue meeting these expectations, the hotel would need to make investments that we, as a small business, are unfortunately no longer able to bear.

For this reason, we have chosen to close the hotel in an orderly manner before any limitations might have arisen for you, our guests.

We would like to express our heartfelt thanks for your loyalty, your visits, your conversations, and your trust. Many of you have accompanied us for years – some even for decades. Without you, the Alpenblick Hotel would never have become what it was: a place of encounters, tranquillity, and warmth.

We hope that you will keep fond memories of your stays with us.

For any questions regarding existing reservations, gift vouchers, or other concerns, we are of course still at your disposal:
